YUFIT HomeCare
Sunless Night Gold Self Tanning Tissues
THEYUFIT

Sunless Night Gold Self Tanning Tissue

As a portable self tanning tissue that can be used anywhere, anytime, regardless of the season, it safely, naturally, and beautifully tans skin. Its red ginseng extract and xylitol, a natural moisturizing compound, among others, help care into moist and healthy skin.

[All compounds] Purified water, dihydroxyacetone, glycerin, denaturalized alcohol, xylitol, glycereth-26, caramel, trehalose, PEG-40 hydrogenated castor oil, red ginseng extract, methylparaben, aroma, sodium citrate, adenosine, benzophenone-5, leuconostoc/fermented white raddish filtrate, disodium EDTA, polyglutamic acid, and yellow color no. 5

How to use

Remove dead skin cells and shower before use

Tissue or apply cream onto desired parts.
(Repeatedly use 2-3 times on the same parts for best results)

Always wash hands after use.

Avoid sweat and water after use.
(Use a fan or air conditioner wind for fast drying.)

Confirm the color change after a period.
(The time it takes may individually differ)

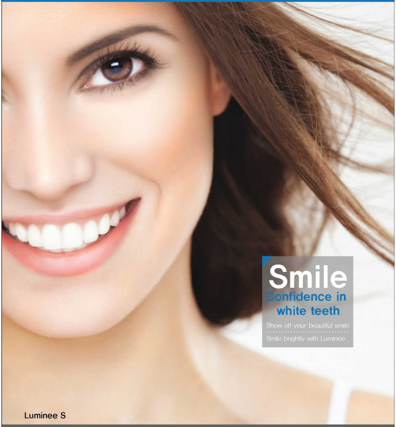
The tanning effect lasts for 5-7 days.

THEYUFIT.

Professional Tooth Care & Tooth Whitening Brand

Tooth Whitening Product

Beautiful and white teeth smile



Teeth whitening compounds verified at dentists are used. Direct use on discolored teeth enables effective absorption and removal of colors, as well as the whitening of yellowish teeth. It is a brand for caring into beautiful teeth.

Luminee S Patch

As a semi–transparent, unharmful, and thin film membrane that contains hydrogen peroxide, a whitening compound used at dentists, it has applied a unique new material and technology patented in the United States for the drug layer to gently melt, and easily and conveniently whiten all teeth corners.

[Pharmaceutical compounds and content] for upper teeth – hydrogen peroxide 3.5% (KPC) 8.86mg
for under teeth – hydrogen peroxide 3.5% (KPC) 7.54mg

Luminee S Gel

As a semi–transparent, unharmful, and white gel that contains hydrogen peroxide, a whitening compound used at dentists, it infiltrates into all teeth corners and instantly forms a protection membrane to protect whitening compounds and remove yellowish materials from the teeth surface. It helps with whitening of even uneven teeth.

[Pharmaceutical compounds and content] hydrogen peroxide 3.5% (KQC) 8.570g – (hydrogen peroxide 30g)

White Teeth S Whitening Toothpaste

Contains teeth whitening compounds used and verified at dentists and does not contain SLS additive that dulls the tongue palate. As such, one can enjoy sweetness when consuming apples after brushing teeth.
Cheap surfactant is not used and only natural foaming agent registered as Eco–Cert is used.
It is a whitening toothpaste that all age groups can use.

[Main compounds] 35% hydrogen peroxide (0.75g hydrogen peroxide), tocopherol acetate, and colloid silica (6.69g colloid silica)

[Compounds] glycerin, xylitol, green tea extract, peppermint oil, and others

Quick
Fast care
Care for about an hour a day and 7–14 days. Then, your yellow teeth will turn white.

Expertise
Expertise
Teeth whitening compound verified and used at professional dentists.

Natural
Natural
Teeth will naturally turn white without looking awkward.

Safe
Safe
It does not use chemical compounds that are harmful to the body.

Professional Based Cleansing Brand

민낯 Cleansing Product

The beginning and end of basic skincare and the secret to beautiful women's skin

Both moisturizing and cleansing at
once!
Low skin irritating cleansing
that also moisturizes and nourishes skin
MINNOT

We only use natural compounds that are not irritating and are mild for true care of skin fatigued from frequent makeup and stress.
The product developed under the motto of "natural beauty" helps fatigued skin rest.
it is neither stuffy nor sticky like other cleansing products, leaving skin fresh for long after washing face.
It is a basic cleansing brand that everyone using it will find satisfying.

MINNOT Cleansing Water

As light and fresh as water, the rice bran extract nourishes skin and the rosa damascena flower extract richly moisturizes skin.
It contains all kinds of natural extracts that you can safely use it on even sensitive skin.
It is cleansing water that can cleanse at once without having to wash face with water.

[All compounds] Purified water, PEG-6 caprylic/capric glyceride, coco-betaine, propanediol, butylene glycol, glycerin, rice bran extract, pentylene glycol, betaine, rosa damascena flower extract, lavender flower water, sodium citrate, citric acid, Japanese pepper extract, pasqueflower extract, usnea extract, rosemary leaf water, sodium carbomer, phenoxyethanol, chlorphenesin, disodium EDTA, and aroma

MINNOT Cleansing Oil

Rice bran extract, bean oil, orange oil, jojoba seed oil, lavender extract, and other natural compounds cleanse well waste and makeup without
skin irritation and it washes off well with water.
It is a cleansing oil that turns skin soft and moist.

[All compounds] Bean oil, cetyl ethylhexanoate, olive oil, PEG-7 ester, PEG-20 glyceryl triisostearate, tocopheryl acetate, sorbitan sesquioleate, rice bran extract, lavender extract, orange oil, jojoba seed oil, macadamia seed oil, evening primrose flower oil, argan tree kernel oil, green tea oil, drumstick seed oil, squalene, and aroma

MINNOT Lip & Eye Makeup Remover

Two types exclusively for makeup exist for clean removal of waterproof eye and color makeup.
The lip and eye makeup remover contains rice bran extract, witch hazel extract,
and rose flower water, among others, that gently remove makeup from eye contours and around mouth, which are parts of the face that are the most sensitive, leaving skin well-moisturized.

[All compounds] Purified water, cetyl ethylhexanoate, cyclopentasiloxane, cyclohexasiloxane, butylene glycol, ethanol, nonoxynol-12, sodium chloride, lavender extract, witch hazel extract, Western rose flower water, rice bran extract, phenoxyethanol, allantoin, methylparaben, blue color no. 1, and aroma

MINNOT Volcanic Stone Oil Roller

It more neatly removes oil and water content from skin than oil paper, making it unnecessary to reapply makeup.
Rolling the roller will massage skin and fundamentally control sebum.
This oil roller uses the characteristics of volcanic stone to remove waste from inside pores and tighten pores.

[Material] Handle (PP), roller (volcanic stone)

Hight Quality Aroma Theraphy Brnad

the HYANGCHO by nature Aroma Theraphy Product

the HYANGCHO
by nature

The best delicate natural aromas!

As organic candles that contain soy wax of the best quality and strictly selected natural compounds,
they offer optimal aroma therapy. Wax melted like water stiffens again for second diffusion of deep and long-lasting aroma. You can enjoy the same aroma from the beginning to the end until all the wax exhausts.

100% Pure Essential Oil!

The Hyangcho by Nature contains 100% botanical compounds that keep their intrinsic aroma.
It is a highly-enriched essential oil. Various essential oils are effectively blended to create a harmonious aroma so that you may enjoy relaxing aroma therapy.

Long-lasting aroma that soothes the mind and body!

The same delicate aroma lasts for about two months so that you may enjoy soothing of the mind and body as well as psychological comfort anytime as though you were in the same space.
In particular, the aromas are not stimulating that they guarantee satisfying and non-tiring use for long.
