Location-based VR business,
Why SKonec Entertainment?

Because we create trusted products.

SKonec Entertainment is the world's first VR FPS game developer.

Our recent title, 'Mortal Blitz' for PS VR, was ranked the top downloaded content in North America, Europe and Japan.

For location business, 'Mortal Blitz for Walking Attraction', known as one of the very few free-roaming style VR games that currently exist in the world, is operating in Lotte World (Korea), Club SEGA (Japan) and Joypolis (Shanghai & Qingdao, China) with the rising popularity.

With world-class technology and experience, we create the most trusted products.

Because we make differentiation.

It is essential to have differentiated contents to attract customers.

Our contents are something you can't find anywhere else. Our special VR contents, including 'Mortal Blitz for Walking Attraction', are the most outstanding elements of VR SQUARE.

We continuously develop new contents and obtain qualified VR games from our partner companies to make available to vendors using our solution.

Because we can provide maintenance for continuous support.

We have over 15 years of experience in arcade & console game industry, thus we understand well this location-based business more than anyone else.

We are not only a seller, but also a provider of new contents and maintenance service for continuous support.

VR WALKING ATTRACTION

VR WALKING ATTRACTION is the free-roaming & whole-body VR experience.

VR Walking Attraction game allows our players to free-roam around a game environment in a warehouse-sized space. Compared to regular VR games in a fixed position, this whole-body VR Walking Attraction game reflects a player's actual movements into the game delivering fully immersive VR experience, and has almost no VR sickness.

VR Walking Attraction received the highest praise for its quality in many countries, and currently operating in Lotte World (Korea), Club SEGA (Japan) and Joypolis (China).

New contents supporting multiplayer, such as 'Mortal Blitz Legacy' and 'Dark Tale Heroes' are coming up soon. These new contents are using the same existing VR Walking Attraction platform, so it's economical.
